BARTON NURSERIES

NURSERY HOURS

7am-5:30pm Monday-Friday
7am-5pm Saturday
Closed Saturdays in January & February

Your One Stop Nursery

Barton Nursery, a family owned business, has provided one stop shopping for the professional landscaper for over 50 years. We have over 16 acres of plants and trees, plus an extensive line of hard goods including both Plant Health Care and Tree Gator Products. In addition to our Edison location, we have a 200 acre nursery in Cranbury, an 11 acre farm in South Brunswick, and a farm in Robbinsville

NJ. We plant and harvest all of our farms with an extensive variety of shade trees. We also grow ornamental and woody trees, specimen conifers, and a variety of shrubs.

Thank You

The staff of Barton Nurseries wishes to say thank you to both our loyal and new customers and to wish you a healthy, safe, and prosperous 2020.

Our Goal

Our goal is to provide our customers with a large variety of high quality nursery stock at a fair market value. We strive to load, tarp, and invoice our customers in a timely manner. We are confident that you will be extremely pleased with the quality of plants and service you will receive at Barton Nurseries. Located in Central Jersey just off Route 287 in Edison, we are easily accessible from North and South Jersey, as well as New York and eastern Pennsylvania. It is with great pleasure that we present the 2020 Spring Catalog.

Sincerely,
Joe Barton

Known as a 'living fossil', the Ginkgo biloba is one of the world's oldest living tree species: it was around 350 million years ago! Female trees produce fruit in late autumn.

TERMS AND CONDITIONS

TERMS

We accept Cash, Visa, Master Card, Discover, American Express, and company checks with proper identification. To customers with established credit and a history of prompt payment we will extend the credit terms of; payment due within 30 days of the invoicing.

Past due accounts will be subject to a service charge of 2% per month or 24% annually. Shipments will not be made to customers whose accounts are delinquent unless shipped C.O.D. In the event it becomes necessary for our firm to file suit to enforce payment, we shall be entitled to court cost, attorney's fees in the sum of 1/3 of the unpaid balance and interest at the rate of 2% per month on all amounts due and payable. We assume no liability for delays or failure to fill orders or deliveries due to causes beyond our control, including but not limited to; weather and animal damage. We do not guarantee the future life or productiveness of plant material, only that they will leave our yard in good healthy condition, free from diseases and be true to name. In no event shall we be liable for an amount greater than the original price paid. For all customers, including customers with approved credit, orders with special pricing or discounts must be paid for at time of purchase. There will be a \$35 service charge on all bad checks.

CLAIMS

Every effort will be made to fill your order as requested and we do not anticipate any claims. Upon receipt of shipment you should examine and count all material. No claim will be honored unless it is made in writing on the Bill of Lading upon receipt of the shipment. We also request that you notify the office immediately by phone if there is a count discrepancy, or damage has occurred.

DELIVERY SERVICE

Delivery may be arranged on our trucks at very reasonable rates, we wish only to cover our costs. We have a limited capability for deliveries out of our area, therefore we encourage you to come with your own truck to see and select your own order. Delivery charge includes a 2 hour unloading time for a full trailer, a \$60.00 per hour demurrage fee will be added to the balance due if the allotted unload time is exceeded.

PICKING UP STOCK WITH YOUR TRUCK

We will supply all labor to load your truck. It is the responsibility of the customer to provide an adequate truck cover. We strongly recommend covering all open trucks! We cannot entertain complaints on condition of material if hauled without being covered. Covers are available for purchase if needed.

RETURNS/RESTOCKING

There will be a 20% handling charge on any nursery stock returned ONLY after inspection and accepted, as well as for items cancelled within 48 hours of delivery or pick-up

SPECIAL ORDERS

A 1/3 deposit in advance is required on all special orders. Any material tagged for pick up will be held for 7 days only. We cannot be responsible thereafter.

DISCOUNTS

Details of discount plans are available from your sales representative or our office. Please keep in mind DISCOUNTS ARE CONTINGENT UPON INVOICES BEING PAID WITHIN TERMS, FAILURE TO PAY WITHIN TERMS SHALL VOID ANY DISCOUNTS OFFERED. Absolutely no discounts will be allowed on overdue invoices, prices revert to list when past due, NO EXCEPTIONS. Net priced items are excluded from all discounts.

QUOTES

Priority is given to quotes faxed or emailed to us. Simply fax your quote to (732-287-1815) or email it to info@bartonnurseries.com. Please include your fax number, phone number, and contact name on your request for best service. Hand written pricing and availability requests will be handled to the best of our ability.

LANDSCAPER'S CUSTOMERS

Your customers are always welcome to our nursery facility. In order to receive the wholesale price, material you are purchasing to be installed for your customer must be purchased by you. It is the landscaper's responsibility to accompany their customer to our nursery to answer any questions they may have or assist them in the selection of plant material. Customers sent to us to obtain or pay for material for the job you are completing for them, will be charged full retail price, with no exceptions.

CONDITIONS OF SALE

This catalog is an offer to sell to the landscape trade only. No other parties will be entitled to these wholesale prices. The prices listed in this catalog prevailed at the time of publication.

Prices and availability are subject to change.

PAPER BARK MAPLE

ACER griseum Paper Bark Maple

A handsome tree with an oval to rounded crown, an open habit, and upright branching. Soft green leaves turn scarlet in fall. Becomes distinctive and elegant with age, as its papery sheets of bark peel to reveal cinnamon-brown new bark. An excellent small landscape specimen or woodland understory accent. Slowly grows to 25' tall and 10-15' wide. Deciduous.

Japanese maples typically grow just one to two feet per year. Under the right conditions, they can live to be over a hundred years old!

UPRIGHT JAPANESE MAPLE 'BLOODGOOD'

Upright Japanese Maple

ACER palmatum 'Bloodgood'

Attractive foliage with burgundy red coloring turns brilliant scarlet in fall. The interesting red-black bark provides striking interest in winter. This slender, airy tree is well-suited for use as a small lawn tree or for patios and entryways. One of the hardiest of Japanese maples, with good sun tolerance. Slowly grows to 15-20' tall and 15' wide. Deciduous.

GARDEN TIP
Growing bamboo is not only beautiful, you can also thin and use the canes for plant supports! Grow bamboo in large containers or in your landscape, and thin it at the by cutting some of the canes above a node at ground level. Use the canes as stakes or make your own plant supports like teepees.

What's the difference between running bamboo and clumping bamboo? Clumping bamboo spread very slowly. Running bamboo spread at moderate to fast paces. Make sure to properly contain bamboo with buffer zones or rhizome barriers to keep it from spreading into undesired areas. Some bamboo varieties are suited to growing in containers, ask us what we'd recommend for your landscaping needs.

Magnolias bloom in April to June, and have a pleasant scent that resembles the smell of tropical fruit. The first flowers develop about seven years after planting, pollinated by bees. The cone-like brownish fruit can reach 2 to 10 inches in length, and the seeds are a favorite food of many birds.

MAGNOLIA 'BRACKENS BROWN BEAUTY'

MAGNOLIA grandiflora

Southern Magnolia 'Edith Bogue' 'D. D.Blanchard' 'Brackens Brown Beauty'

Lustrous, leathery foliage is rich, dark green above and cinnamon brown underneath. Large, 5 to 6 inch creamy white flowers are exotically fragrant. A hardier magnolia that transplants well and does not lose as many leaves as other varieties, and exhibits better cold tolerance than others. Grows 30-50' tall and 15-30' wide. Evergreen

MAGNOLIA HYBRIDS

- x 'Galaxy' Galaxy Magnolia

- soulangiana 'Jurmag1'

Black Tulip Magnolia

This is the darkest, most dramatic tulip magnolia of any on the market, with rich, deep burgundy-red six-inch-wide blooms that appear before the foliage emerges in early spring. The small, slender, multi-branched form is outstanding for use as an elegant specimen tree, en masse to form a hedge, or as a container plant. Deciduous.

MAHONIA aquifolium (Native)

Oregon Grape Holly

- bealei

Leatherleaf Mahonia

An attractive, upright shrub with distinctive evergreen foliage and terminal clusters of showy, fragrant yellow flowers followed by highly ornamental, powder-blue to black, grape-like fruit clusters. The spiny leaves make a fine barrier plant or specimen. Plant groupings to increase flower and fruit production. Moderate grower 6-10' tall and 4-5' wide. Evergreen.

In addition to being highly ornamental with beautiful spring blooms, crabapples are great trees for native pollinators as well as birds including robins, cardinals, woodpeckers, bluebirds, cedar waxwings, towhees, mockingbirds and tufted titmice. They provide important early spring forage for bees, as well as a winter food source for many species of birds.

PINUS thunbergii 'Thunderhead'
Dwarf Black Pine

A shrubby, compact form of the Japanese Black Pine. Irregular growth habit adds character to the landscape. Silvery white candles in spring and rich, dark green densely packed needles provide year-round beauty. An ideal focal point for Asian gardens, whether sculpted into an artistic shape or left in its natural form. Moderate grower to 10' tall and 15' wide. Evergreen. Salt Tolerant.

STYRAX japonicus Japanese Snowbell

Slow growing to 20-30' tall the Japanese Snowbell has beautiful, slightly fragrant, white, bell-shaped flowers dripping from strongly horizontal side branches with dark green foliage in early summer. A splendid small tree for use adjacent to a patio or near a pathway. Foliage turns yellow to red in the fall. Deciduous.

Lilacs

SYRINGA pekinensis 'Summer Charm'
Summer Charm Tree Lilac
 - **reticulata 'Ivory Silk Lilac'**
Ivory Silk Tree Lilac

A small tree or large shrub which typically grows 20-25' tall with a rounded crown. Creamy white, fragrant, single flowers are arranged in dense clusters. Blooms later than most other species of lilac in late May to early June. It has dark green leaves and attractive reddish-brown bark that makes it perfect for any landscape.

TAXODIUM distichum (Native)

Bald Cypress

A pyramidal conifer which grows 50-70' tall. Although it looks like a needled evergreen in summer, it is a deciduous tree. The foliage is soft, feathery and yellowish-green but turns an attractive orange/cinnamon-brown in the fall. Good selection for growing in wet soils either in low spots or near water.

VIBURNUM rhytidophyllum
Leatherleaf Viburnum

An evergreen shrub, which can ultimately reach a height of 6-10'. Produces flat cymes of creamy white flowers in the spring and berries in early fall which first appear red and then change to a glossy black. Berries will often persist to the end of December. May be grown as a hedge. Shrub also has good specimen value due to creamy white flowers, fall/early winter berries and evergreen foliage.

Weeping Yucca

5 Gal39.00

Yucca blooms during the spring and early summer. Flowers are oriented downwards during the day and orient themselves upwards during the night. The flowers release pleasant odor that is especially prominent during the night to attract yucca moths, responsible for the pollination of this plant.

ZELKOVA 'GREEN VASE'

ZELKOVA serrata Japanese Zelkova

Zelkova serrata, commonly called Japanese zelkova, is a medium to large deciduous tree, typically growing to 50-80' tall with a spreading, generally upward-branching, vase-shaped crown. It is noted for its graceful shape, clean foliage, attractive bark and resistance to Dutch elm disease which makes the Zelkova a popular substitute for the American Elm. Fall color is variable, ranging from undistinguished yellow to attractive shades of yellow-orange to red-brown
